

Department of Microbiology

Celebrating 100 years of discovery.

100

1915 – 2015

Presents

Michael J. Federle, Ph.D.

Associate Professor
University of Illinois at Chicago
Department of Medicinal Chemistry and Pharmacognosy
Center for Biomolecular Sciences
College of Pharmacy
Host: Dr Reniere

“Intercepting Bacterial Intercellular Signaling to Identify and Manipulate Molecular Interactions with the Host”

Tuesday, 3 October 2017

4pm

HSB T-639
